

PRINTING PLATE PROOF

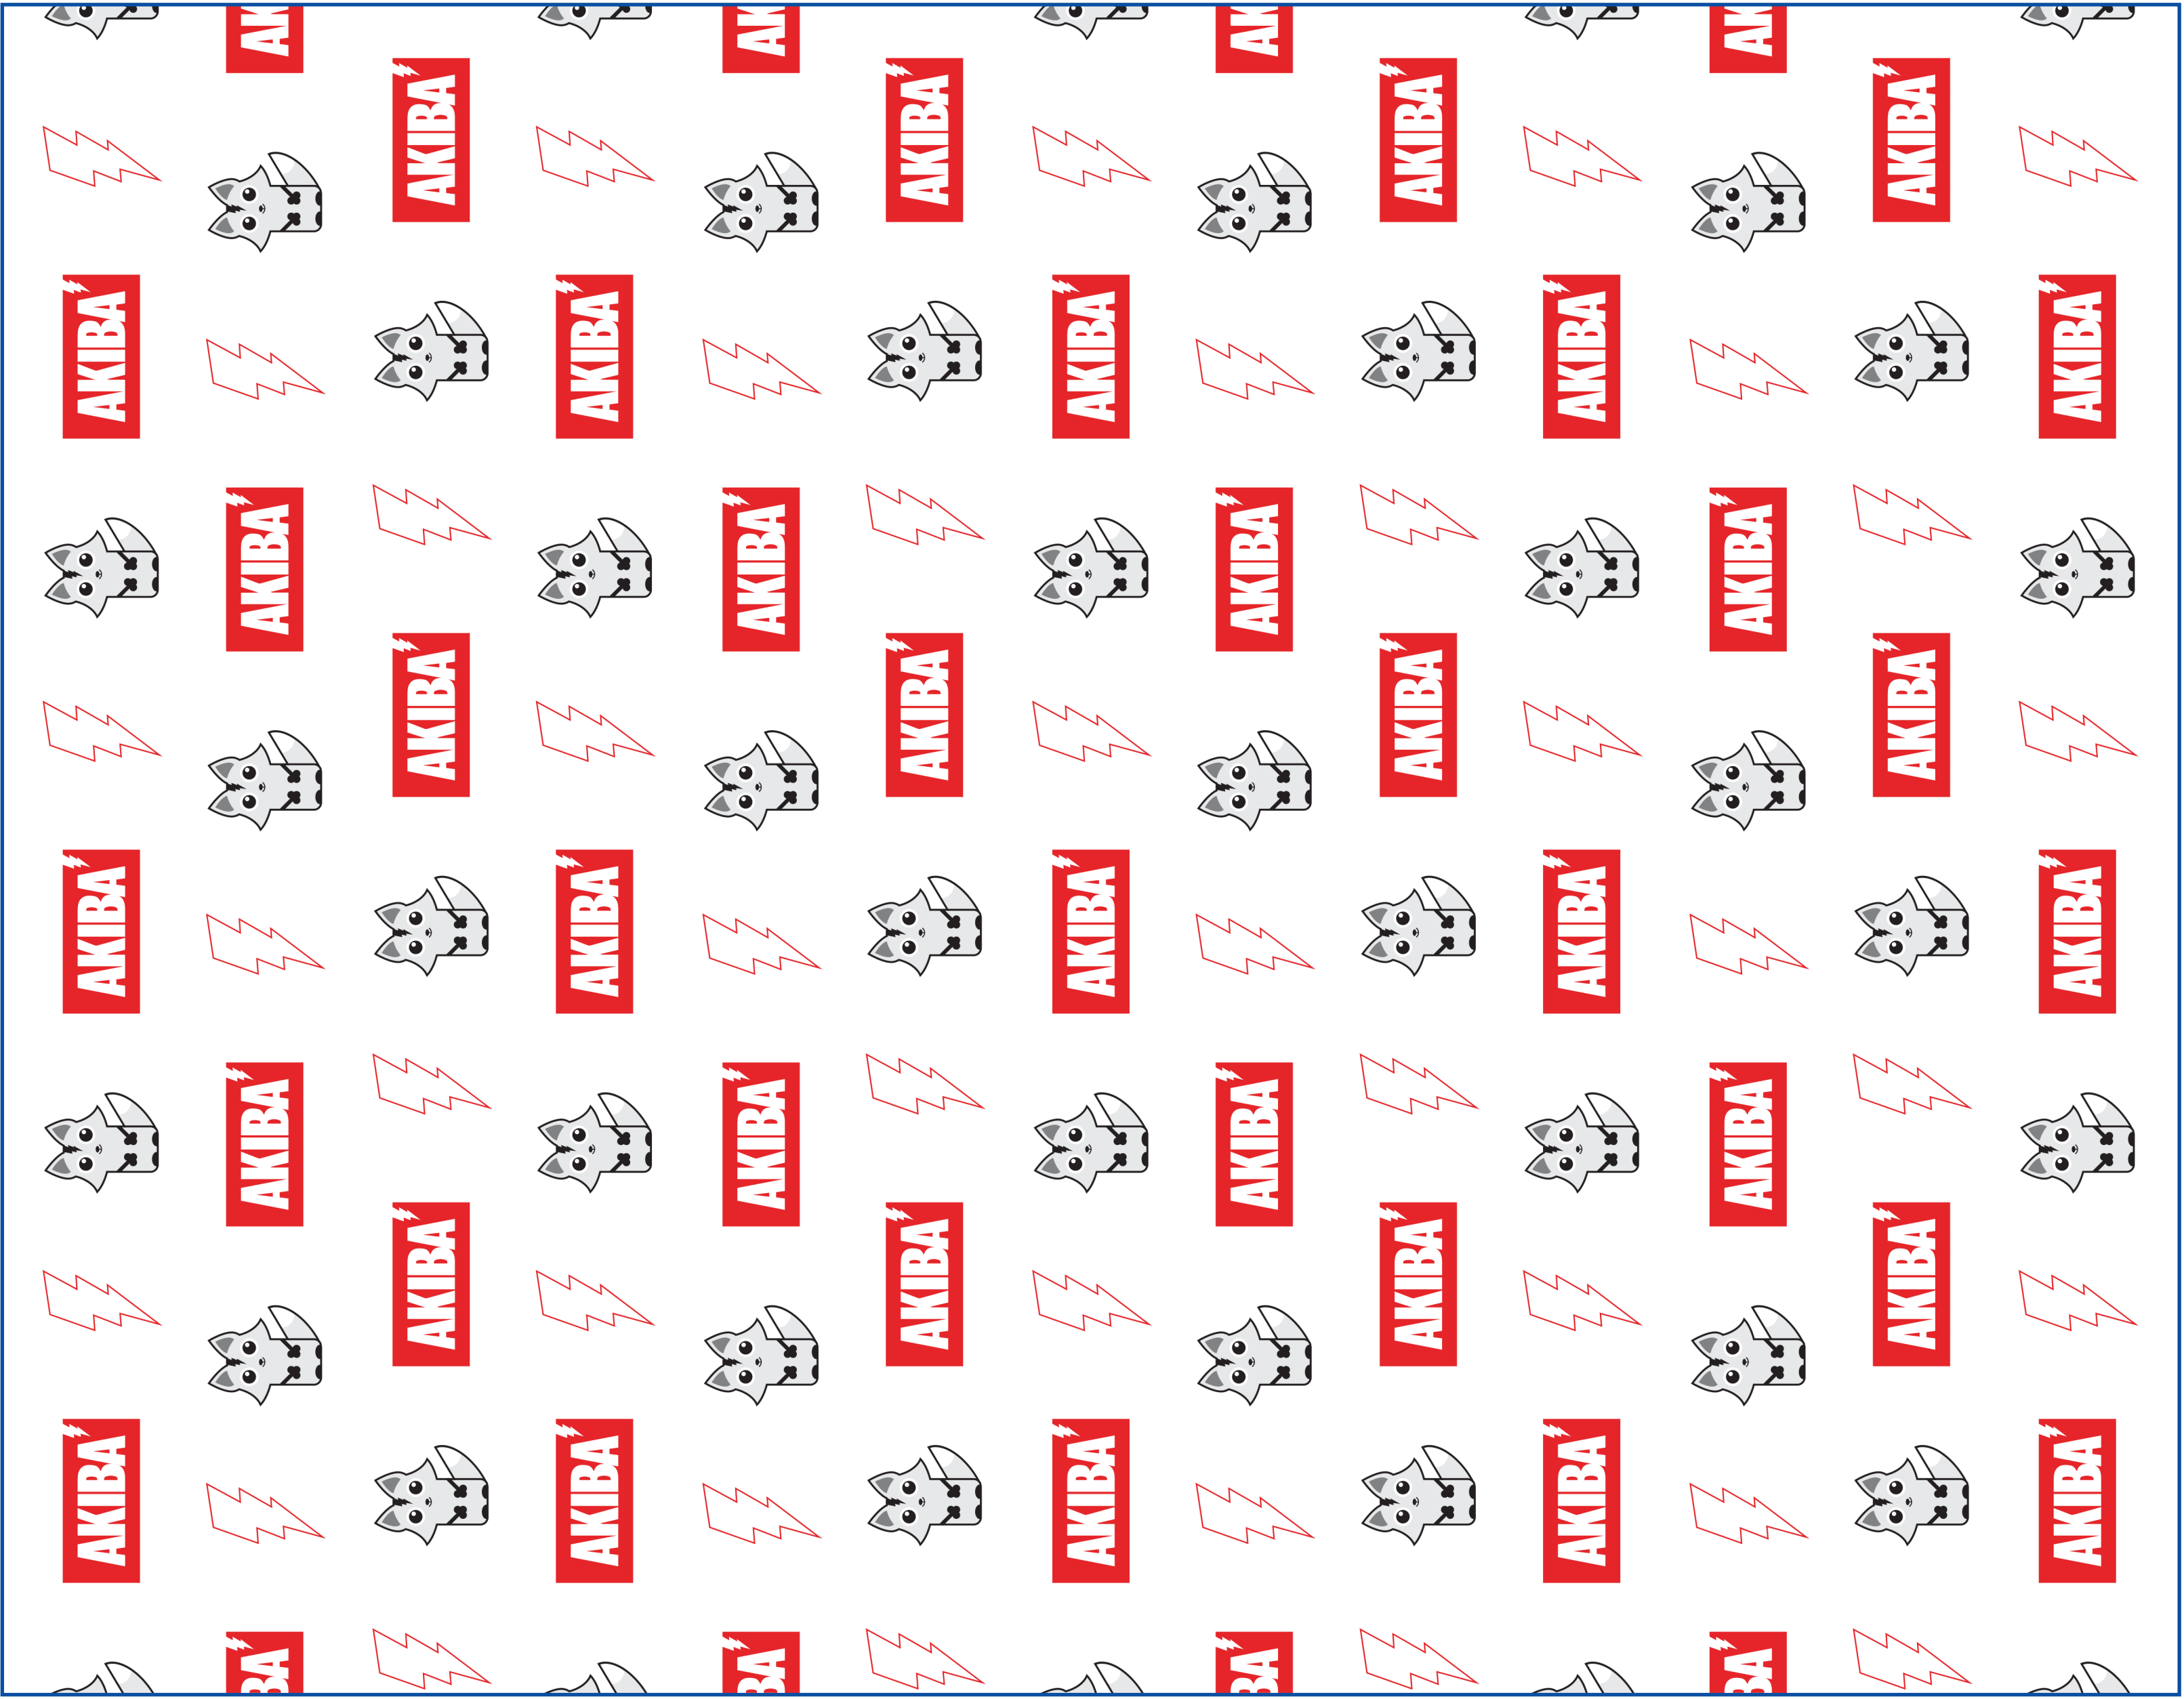

<p>USE WHITE GREASEPROOF PAPER ONLY</p> <p>USAGE DISCLAIMER</p> <p><small>Please note that we accept no responsibility for the suitability of this paper to the use for which you have intended for it. Please request samples for live testing prior to commencing your print run if required.</small></p>	<p><small>FILE NAME:</small> Akiba</p> <p><small>DESCRIPTION:</small> Printed White Greaseproof 20,000 330x425mm Sheets 2 Colours</p> <p><small>DATE:</small> 28/06/14</p> <p><small>PLEASE NOTE:</small> This proof is for text and layout only. It is not colour accurate.</p> <div><div>485U</div><div>BLACK</div></div> <div><div>PMS</div><div>PMS</div></div> <p>Template Size - 560mm x 425mm</p> <p>Cut Sheet Sizes*: 330mm x 425mm</p> <p><small>*Final cut sheets subject to a +/-5mm guillotine tolerance</small></p>	<p>PLEASE READ AND CHECK CAREFULLY</p> <p><small>Please check this artwork carefully before signing. Your signature is the approval to proceed to the plate making stage. If this artwork is correct as to copy, spelling, layout, text orientation and colour, please sign the proof. Whilst preparing this artwork, it is understood that we accept no responsibility for any errors overlooked in the customer's own final proof reading. Please pay attention to the orientation of text and graphics.</small></p> <p><small>Your printing plates are a long lasting consumable item but may eventually need to be replaced at your cost.</small></p> <p>Customer Signature: Date: / /</p>	<p>Limitations Of The Printing Process</p> <p><small>Your printing plate will be wrapped around a drum with a circumference of approximately 560mm. Every time the printing drum rotates to the join in the printing plate, a small 1-3mm unprinted line will appear.</small></p> <p><small>Registration precision between separate colours is limited by the substrate and the flexographic printing process. A layer alignment tolerance of +/-5% is deemed to be acceptable for 2 colour prints.</small></p> <p><small>Artwork colors will be matched to the specified colors as closely as possible. A tolerance of +/-10% from the reference color may occur during the printing process and is deemed to be acceptable.</small></p>

SAMPLE CUT SHEET ILLUSTRATION

The following illustration depicts a sample cut sheet for this job per the measurements supplied. This is a random print job, which means that the vertical positioning of the artwork on your final cut sheets with respect to the oientation of the plate will be variable. Your signature in the signature block at the bottom of this page indicates that:

- 1. You understand the nature of random printing and its effect on the text and logo positioning on your final cut sheets
- 2. You have double checked the sample cut sheet illustration below, and have approved the orientation of your text and graphics with respect to the orientation of the illustration.
